REVEALED: THE 24 WINNERS OF THE WORLD SUPERYACHT AWARDS 2016

7

DISPLACEMENT MOTOR YACHTS 500GT TO 1,299GT

11.11

With every yacht in this class having received top marks from at least one judge, it was a tough job to choose exactly which of the worthy entries should receive the Neptune. While it was recognised that each of the yachts displayed some extremely good attributes, the secret ballot resulted in a win for 11.11 – its unusual name derived from the date of birth of the owner's child.

At its heart, 11.11 is very much intended as a family yacht. Despite being near completion when purchased, the owner was able to put his distinct stamp on this vessel thanks to the cooperation and flexibility of the yacht's builder, Benetti. The eight judges who had viewed the yacht felt that 11.11 was the best product ever to come from this yard. This high opinion helped sway opinion and was a deciding factor in choosing this as the winner, along with her elegant and modern lines, excellent machinery spaces, high level of amenities for her owner and his guests, excellent crew and service areas, and glamorous, Art Deco-inspired interior.

Length: 63m

Builder: Benetti

Naval Architect: Benetti

Exterior Design: Benetti

Interior Design: Owners' private design team
