BEST OF THE BEST 2016: YACHTS 195 FEET AND UP: BENETTI 11.11

Michael Verdon
May 28, 2016

The art deco-inspired interior of 11.11 is among this year's most eclectic and most attractive. Details include a backlit quartzite dining table in one of the saloons, a diamond-patterned marble floor in the central lobby, and a Zcopper chandelier that looks like a wreath of feathers and hangs over the bed in the owner's suite.

The owner acquired this 207-footer halfway through the build process and brought in his own design team to incorporate these and other details into the existing frame-work. The art decorating the interior includes an interactive piece by the British artist Dominic Harris.

Called Flutter Wall, it's a video panel depicting dozens of butterflies that seemingly come to life and form a kaleidoscopic swarm when you touch the screen.

- In addition to a suite, the owner's deck features a hot tub and a sunning area.
- The main deck includes another suite that spans the yacht's 35.4-foot beam. Four staterooms are located below deck.
- The vertical bow is unusual for a Benetti yacht.
- Benetti built a custom tender for the yacht's owner.
